

Dear Friend,

August 2025

There are several ways to cut a pie. You can slice it in half and proceed accordingly. You can slice it one at a time or you can forego slicing at all and just eat the whole thing!! At the General Conference Session just finished in July of 2025, a new president was elected, Erton Kohler! How to describe this election is like a pie and I'm just going to eat the whole pie at once and pick up the crumbs when I'm done! Erton Kohler is a SNAKE just like his predecessor, Ted Wilson, and will sell Adventism and Adventists down the river just as his predecessor did. Now, that the pie has been consumed, it is time to pick up the crumbs!! Here we go..... Some three years ago, June 6-11, 2022, there had been another GC Session. The sparks were flying. Johnathan Zirkle, a California lawyer asked that the church's position on vaccines, exemptions for church members, etc, be placed on the agenda. He then declared that he had a petition of 25,000 signatures from around the world, 1,900 delegates, and over 4,000 health care workers who felt the same way. The reason why was during the Covid 19 scene if an Adventist church member requested an exemption letter from the church, the church refused to give it to them. As a result, many Adventists lost their homes, some their health, and some their lives!! The church/Wilson continued to say that the church was not forcing anyone to get a shot, but they weren't defending anyone either. The fact that many Adventists felt that to take the vaccine was against their religious convictions on healthy living, and when the church wouldn't support/defend them, this caused a REAL BIG PROBLEM!! Why wouldn't the denomination protect its members?

When Zirkle's motion was seconded, the denomination was in a pickle. It had to approve the item and discuss it. Some folks didn't want it discussed and one of them rose to speak. It was Ted Wilson. He declared that he would strongly urge that this item not be placed on the agenda. He then declared that other leaders, with whom he had conferred felt the same way. The two men he mentioned were GC Treasurer, Paul Douglass, and GC Vice President, Erton Kohler. Douglass and Kohler, along with Wilson, would give no explanation for the church's reprehensible actions, no sympathy toward grieving Adventists pained by the Covid 19 debacle, and would not allow for free, open discussion. Because they refused to do anything, this is what brought about the public demand of Conrad Vine in August of 2024 for a correction of grievances in the Covid 19 affair!! In fact, Vine also demanded that all GC officials involved in this should resign immediately. One of them was Erton Kohler!! He was just elected President of the GC!!!

So, why did the GC refuse to protect the religious liberty of its members? Why did the GC allow its members to lose their jobs, their health, and some their lives? What has come out recently clearly indicates that the leaders of the General Conference and the denominational church is so tied to government money via Medicare and Medicaid, and through connection to the United Nations that they had to sacrifice Adventists during Covid to maintain the flow of billions of dollars into the coffers. You see, the Adventist Health Care System receives annually through Medicare, private insurance, and donations around 20- 25 Billion dollars. Since Medicare is a governmental agency and was adamantly in support of the vaccine, Adventist Healthcare Systems felt they had to go along with the vaccine in order to maintain money flow even if this meant the sacrificing of Adventist people with a conscience. The flow of the almighty dollar, that would help Adventist leaders with free trips, large salaries, was too great a sacrifice. The Adventist people were sacrificed and the ringleaders in this insanity were Wilson, Douglass, and Kohler!! People will say, "Well, with Wilson out, things are going to change; Kohler will see to that!!" Kohler was in cahoots with Wilson over the Covid 19 affair; money flow was way more

important, and Adventists were sacrificed!!! Wake up, friend, Kohler is every bit the snake that Wilson was!!!

As far as the United Nations, the denomination is tied to this nefarious organization that ultimately is run by the papacy and the Jesuits! (Revelation 17) Under Ted Wilson's father, Neil, the Adventist Disaster and Relief Agency or ADRA became an NGO which is a non-government agency. As an NGO, ADRA can sit in on UN meetings in a consulting capacity. With this comes certain perks like millions of dollars to flow into ADRA. However, as the quote says, "He who pays the piper calls the tune." The denomination has to conform to what the UN is promoting in order to receive the funding. The UN is promoting the climate change agenda of the late pope Francis. The heart and soul of Francis' agenda was Sunday. ADRA is promoting the climate change agenda of the UN and Francis and is promoting Sunday!!! An SDA organization is promoting Sunday!!!! Wake up Adventism!! The UN is promoting the LGBTQ agenda and ADRA has to agree to it in order for the money to flow. This is an abomination!! The UN is promoting the movement of illegal immigrants into the United States and is paying big bucks for this to happen. ADRA is helping in this process!! And Erton Kohler encouraged Ted Wilson to sacrifice Adventist people in order for the money to keep flowing!! Shame, Shame, Shame, on him!!

Don't we get it yet?? People are promoted in government and church positions because they have proven faithful to the papacy. They can be trusted to sell the truth and those that follow it down the river. In God's time table, if it is during Kohler's presidency, a Sunday law will be urged upon us and Kohler will be PART of the urging!! Make no doubt about it, friend. Ellen White predicted, "**The Lord has a controversy with his professed people in these last days. In this controversy men in responsible positions will take a course directly opposite to that pursued by Nehemiah.** They will not only ignore and despise the Sabbath themselves, but they will try to keep it from others by burying it beneath the rubbish of custom and tradition. **In churches and in large gatherings in the open air, ministers will urge upon the people the necessity of keeping the first day of the week.** There are calamities on sea and land: and these calamities will increase, one disaster following close upon another; and the little band of conscientious Sabbath-keepers will be pointed out as the ones who are bringing the wrath of God upon the world by their disregard of Sunday." From Edward "Am hereby sending you regards from Chris Mukke. He lives in Kitwe and is an elder with a small following of 16 dedicated members. I will now share with you who Chris Mukke is. He is a retired police officer who has served in the SDA church for over 2 decades. He is 67. A couple months ago, Chris visited a friend in another town. His friend called Jim was his workmate though Jim has never been an Adventist. Jim who was caught in the net through the good literature you have sent here, did request for the DVDs and I remember sending the DVDs to Jim which he appreciated a lot. Among the messages that touched Jim were Daniel 8 and Leviticus 16. The messages healed this man from his spiritual condition and as he continued to listen, the spirit of God gave him grace to seek for other DVD lessons that turned to become an SDA waiting for the Lord. Chris was welcomed by DVDs until he too was caught in the net of truth to this day that he is casting the net of truth (the DVDs) to catch other

men. Yes, among the sermons that are so amazing are 1. The History of the Remnant series way up to part 7. 2. Amazing Grace with a lot more. Jim is thanking you PB for the powerful sermons that today he has continued to share with different people who truly are willing to obey and to be led by what God is revealing through you. God bless you and continue to speak for God. The Lord bless you ever. Am delighted to share with you a live testimony from 4 mainstream elders that by God's grace have been listening and following your messages privately from their homes to this day. They called me and one of them began to reveal their position they have taken after being opened their eyes by PB through his teaching in the DVDs, radio and literature. These men are praising the Lord for Gods for special teachings the Spirit has filled you with powerful messages that are not common....

4 elders from the Ndola mainstream church have taken a stand for the Lord. They have ceased to be part of the mainstream because of the following I will share with you.

1. The 4 elders with their wives have watched your sermons and are resolved to stay away from the mainstream.
2. These wise elders after a long time of listening to you from the DVDs, discovered that you carry special needed messages that can resurrect Adventists worldwide.
3. The elders found you to be very educative and revealing where by sermons - Shaking and Sifting among the SDA helped them to stand apart from the mainstream.
4. You are true and straight. You speak from thus sayeth the Lord and inspiration.
5. They found out that God is using you to help Gods Children to separate from false brethren.
6. They are following you in YouTube while I burn the same sermons for them to watch when they are off internet.
7. They found Gods good will to men in your teaching.

PB. The messages on YouTube have today brought a great blessing that is awakening Adventists like this and more are yet to see the truth. Am glad to let you know that I have stepped up my DVD production with God's blessing and with your support. I shed tears to see the elders telling me what I have shared with you that may you keep talking for someone is hearing. Keep me in your prayers."

From Malawi "I would like to let you know that we have received 4 parcels and they have really come at the right time of need as we have been praying and waiting to have them with faith for the evangelistic works in my community. Your materials are highly demanded by many citizens here because of the powerful teachings they're carrying, your teachings are very special and appreciated by many people even local leaders they like them so much and we're being encouraged everywhere in where we go that we should continue spreading the gospel of the Kingdom of God without fear or whatever bad from the evil people."

From Zambia "Greetings. I am elated and thrilled to be part of this missionary endeavor though I am facing a huge stumbling block with church itself. I knew that this was coming and I was ready for it. My local church leadership is facing a backlash just because they allowed literature from TTM to be distributed to its members last Sabbath. Yet many have failed to show me errors that are contained in

the books, but the general response has been that the source of the books is not endorsed by the GC and that the ministry distributing the books has been fighting the church. And I was compelled to present to the church the story of the prophet Micaiah who was hated for telling the truth and what happened to the man in John chapter 9. The man was expelled from the Church yet Jesus commended the man. Many think I am fighting the church yet others appreciate the efforts. I will surely inform you how things will unfold. You have made me to take God at His word and to practically understand Hebrews 11:1, 6 and Romans 1:17, the verse that enabled Martin Luther the Reformer to work for God with undaunted faith. God will surely reward the works of your hands. The Conference leadership here are baffled with the literature that I have distributed so far without their input. The conference refused to employ me just because I don't want to go study theology in our schools that I believe that they have been hijacked by the Jesuits. Most of our ministers here cannot conduct an In-depth Study on the sanctuary or the Spirit of Prophecy. They have degrees in theology but unable to conduct studies on pillars of our faith. Right now, moves are being made though not openly to bar me from moving from one SDA Church to another. But I know that the TRUTH WILL TRIUMPH AT LAST. For we have nothing to fear for the future except as we shall forget the way the Lord has led us, and His teaching in our past history.”

From Kenya “Praise God PB and TT Team! We had a powerful and successful book mission. We visited the sick in hospital and gave them books, fruits, and soap. Their hearts were full of joy — they couldn’t hide their happiness. It was market day, and many people from far-off areas came. They received books they’ve never had access to, and I’m confident these books are now speaking in homes we may never reach physically. The SDA church that invited us also got books — books they’ve longed to own but couldn’t afford. Seeing them receive Great Controversy, Desire of Ages, Steps to Christ, etc., was a great joy. These are weapons to fight against falsehood. We also shared boxes of Kiswahili books with neighboring churches, knowing the message will spread to surrounding villages. It was one of my toughest journeys — bad roads, rains, untarmacked ways, switching vehicles while carrying heavy boxes. But God carried us through, and I thank Him. These people deserve the truth. Calls are now increasing. More people want books and the message. The best part — we now have a network of local helpers ready to take the books deeper into unreachable places. Sadly, our stock is now finished. But we rejoice knowing the books are silently preaching in homes — awakening hearts and inspiring lives.”
