

MY TRIP TO NAMIBIA

I am delighted to share with you my report about my trip to Namibia this evening. It was last Thursday the 3rd of May when I had made several series to take with me to Kennedy. I had also prepared several tracts and I had kept some books for that country. I had a large box which I had put in it all the materials for Kennedy.

I then started off with a coach to Namibia. On Friday morning, I was at the border and brother Kennedy was there waiting for me. He was so delighted to see me again after last August when I was invited during their annual camp meeting gathering. When all the formalities were done for my passport to be stamped, Kennedy drove me in his car to his home. Now while we were going, Kennedy revealed to me that one of their members had passed away and the name of that member was a man called Austin Mainga who was 55 at the time of his death.

We had a wonderful Sabbath worship with the brethren in the morning and in the afternoon, we went to the funeral house and had a word with the widow and the relatives of the late brother. The following day was Sunday which was a burial day. The relatives of Austin asked us that since we have spoken from the Bible, they were also going to do the burial. We did not want to get into some arguments with them. Those relatives of Mainga are all mainstream. We knew what those mainstream were up to. We allowed them to do the burial. I will share with you some photos about that burial.

After the burial I returned home with Kennedy and we shared together about the work in Namibia. I was happy to hear that brother Kennedy had studied the Bible lessons and had completed the course. He even showed me the certificate that you sent him. I was so happy to see that certificate P.B.

The work in Namibia is going on well P.B. Kennedy distributes the materials to all corners of that country. He has a car which he uses. He recently bought a new car which he is using in reaching to places quickly. He shared with me that in that country, the mainstream are learning a lot from the dvds and there is one man who will join them after listening to the Revelation series. That man is from a Pentecost church. There is also a group in central Namibia which received the dvds. This family is comprised of coloreds who are learning step by step the prophecies of Daniel and Revelation through the series that they received. I also duplicated the new sermons which are so revealing like the IMOTEP and other new worthy sermons which by the way I have already sent to Kavu to be aired in the evening.

Kennedy thanked and appreciated the SOP books and every book you have sent him. He is so happy and pleased to work with you in receiving and distributing

of the dvds, tracts, books such as NSL, secret terrorists, enemy unmasked and let me just say all the materials that you send me.

I also inquired about the request of elder Fletcher whether he had sent materials to Windhoek where there are those contacts elder Fletcher want to receive the materials. Kennedy told me that he will soon be driving to Windhoek and deliver those materials to those brethren. However, I will also send them some materials from Zambia. I just hope they don't get lost. I usually send out materials using couriers and through contacts. Using our local post office, a lot of parcels have gone missing and there are some individuals who may check the parcels and when they discover the kind of materials in the box, they may temper with them. In the long past, from 2006 - 2008, some individuals never received the dvds until I started using my method which is working.

I left Namibia on Monday and arrived home on Tuesday.

On Thursday, I received some visitors from Lupiya. It was elder Jack with his friend who had come to collect more dvds with the latest sermons which they like to receive. It was good that you had sent me new sermons with very important in depth Biblical lessons. P.B. you have revealed what we did not know about Trump who is a Vatican man. We totally rely on what you reveal in the dvd sermons and the current happenings which we hear about. God bless you. We love to listen what you reveal. That is true with men in uniform here – soldiers. They like and appreciate the “Behind the door series”, what you have revealed in that series is very is so educative and lifting. These men appreciate those messages by saying the American digs deeper and reveals. There is none in this part of the world P.B who has revealed so much truth in the dvds as you have done. Please we keep praying for you and asking God to give you more messages that are awakening us here. We have seen God through your messages. Folks and many people here have learned and have been warned and your voice will keep speaking to their hearts until that bright morning.

Elder Jack carried several materials for Lupiya. In this area, we have several Rwandese who are learning with Jack. It is amazing to see how the Lord is lighting up Africa in His way. Jack has since arrived home safely. I was busy yesterday when I wanted to type you this report until this evening.

My next job is to make more dvds for Angola, Eritrea and other countries. I like seeing these wonderful dvds going out because they contain what I believe to be truth. God bless you.

Last week Edgar Lungu was at it again. He has shut down several radio stations across Zambia and strangely Kavuu has not been affected and our programs are going on. I saw that God's Hand did stop this president of Zambia who is just destroying this country.
