

Dear friend,

March Newsletter 2021

I recently read an article, published in the Review over 14 months ago, that emphatically declared that “First, a clarification. **Inter-church and interfaith relations do not mean ecumenism in the sense of union with other churches, doctrinal alliances, obliteration of differences, or the loss of distinctive emphasis on biblical truths.** A misunderstanding of this basic fact has prompted a few at the fringes of the church to accuse Adventist leaders of betraying the church’s position, which they assume demands there be no interaction with other Christians at all. This radical rejection of mingling with others is, at times, expressed through violent and angry rhetoric. **Both in the Bible and in the writings of Ellen White, we have a clear picture that antagonism and hostility toward other Christians should have no place in a heart in-dwelt by the Holy Spirit.**” These sentiments were spoken by Guanone Diop, Religious Liberty leader at the Gen. Conf. Diop made it clear that the ecumenical meetings that he attends all over the world do not touch on doctrinal alliances or differences or a loss of distinctive emphasis on Biblical truths.

This is absolutely shocking and a bold-faced lie. The ecumenical meetings held in Lima, Peru in January of 1982 led to the Adventist denomination changing its identifying logo of the three angel’s flying in the midst of heaven to two sets of wavy lines and the identifying logo of the ecumenical meetings were three wavy lines! What makes us the people we are those three angel’s messages! These were emasculated in 1982. The resulting BEM document totally transformed the denominations stance on the three angel’s messages! Under the letter M in the document, which stands for ministry, we read these startling words, “3. Ministry: To encourage all churches to work for the unchurched, but never to proselytize from other churches.” (The acceptance of this agreement would lead to a total capitulation from the final message which we are commissioned by our God to give to the world—the loud cry of Revelation 18:4, “Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.” They are to be called out because of God’s great love for them. They must be called out so that they will not continue in the sins of Babylon, and so that they will be protected from the plagues that will come after the close of probation. Yet today we are hearing voices in the Adventist Church, ministers calling for the same ministry as these ecumenical forces in our world. “Let us work for the unchurched.”) While we cannot, of course, ignore the unchurched—we must work for them—such statements deny the critical call to work for those who have been trapped in the churches of Catholicism and fallen Protestantism.

Not only does agreement on this BEM document tear the heart out of the final message of Revelation 18, it also negates the 2nd and 3rd angel’s messages. Notice, “And there followed

another angel, saying, Babylon is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication. And the third angel followed them, saying with a loud voice, if any man worships the beast and his image, and receive his mark in his forehead, or in his hand, the same shall drink of the wine of the wrath of God,” Revelation 14:8-10. The 2nd and 3rd angel’s messages are a call to those in apostate protestant and Catholic churches to turn back to the Lord in obedience to all of His commandments. To embrace the BEM document is to throw to the trash heap the 2nd and 3rd angel’s messages!!

An Andrews University professor by the name of Raul Dederen signed it and since then, the Adventist denomination has been all but mute on these messages! Few voices will call it straight anymore! And Diop would dare to say these ecumenical gatherings have no effect on “doctrinal alliances, obliteration of differences, or the loss of distinctive emphasis on biblical truths.” And, the meetings have had exactly the effect that he denies!!! Wow!

In my various travels into many parts of the world; places like Mexico, Germany, Okinawa, England, and Kenya; something very interesting has happened. In these countries, I was specifically asked to speak on the 2nd and the 3rd angel’s messages. I was happy to oblige. When I asked the people why they wanted these messages, the response was always the same, “the denominational church here in our country has joined ecumenical hands with the other churches and has agreed to NOT speak on the 2nd and 3rd angel’s messages!” And, Guanone Diop would have us believe that the ecumenical meetings have not hampered Adventism’s doctrinal and distinctive truths. Diop is either out of his mind or is a consummate liar! May we gather warmth and love for humanity as many refuse to proclaim the most precious messages of Revelation 14 and 18! “Cast thy bread upon the waters: for thou shalt find it after many days. Give a portion to seven, and also to eight; for thou knowest not what evil shall be upon the earth. If the clouds be full of rain, they empty themselves upon the earth: and if the tree fall toward the south, or toward the north, in the place where the tree falleth, there it shall be. He that observeth the wind shall not sow; and he that regardeth the clouds shall not reap. As thou knowest not what is the way of the spirit, nor how the bones do grow in the womb of her that is with child: even so thou knowest not the works of God who maketh all. In the morning sow thy seed, and in the evening withhold not thine hand: for thou knowest not whether shall prosper, either this or that, or whether they both shall be alike good.” Eccl. 11:1-6

From Ecuador “A group of men recently disfellowshipped from the organization for handing out the Great Controversy, received a copy of the Covid-19 book. They visited us at our little church and in exchange for a box of their Great Controversies, we gave them a box of your books. They were truly grateful. We started Bible Studies last week with some neighbors who received a copy. It went really well, and they begged us to return the following week. We continue to give out the book everywhere, and trust that our efforts will continue to bear fruit. Stay safe and God bless...By the way, a lady from Guayaquil (the largest city in Ecuador) got a book and fell in love with it. She owns a printing press and asked for the PDF so she can print them over there. We were elated. I sent her the PDF file last week.

From Florida “Hey Friends, SO... I sent a copy of Secret Terrorist to my childhood friend. He is starting to get into Christianity, and used to work in banking. Anyway... He doesn't

like to read. So., I said, let me send you a copy of a book that I think will be an easy read. Tonight, he texted me, "thanks for the book bro getting good now." I asked what chapter he was on, he replied, "page 30...when they started talking about banking that's when my eyes lit up..." I'm so excited. It seems like my friends are starting to come around. About to send a bunch of copies to the roofing company that helped us with our roof. Their sales rep called me today and said, "Hey Chris, thank you so much for sharing about the Vatican. It is true what you said." Conspiracies are a great evangelistic opportunity if you have the right tools."

From Kenya "Praise God Pastor Bill. I now fully believe the saying that God works in a way that we know nothing about, I can testify that I'm seeing the hand of God in a very powerful way in advancing, and leading, and guiding His work here. Especially how He keeps connecting me to people who are zealous for the spread of the three angels' messages. Nearly a month ago, my sister in law, who is married hundreds of miles from where I live, called me and informed me that there's a certain young Adventist from her area who calls himself a reformer, and eats, drinks and do other things differently from other people, and she likened his lifestyle to mine (since she had visited me some time back and had lamented on our strange lifestyle, to her). What she meant was the health reform we're practicing, the vegetarian diet, two meals a day, the strict dress reform which is seldom observed in the SDA churches and a life of commitment to God. And so, when I encouraged her to introduce me to the fellow reformer whose unique lifestyle was the talk of their neighborhood, and I praise God for this young man. His name is Maxwell, a leader of a powerful group of over fifty young people. He is in his mid-thirties, and the eldest in his team. These young men range from their teens mainly still schooling, others are in high school, others in university. Maxwell is an Evangelist and more so experienced in medical missionary. With his team, they have done so many outreach programs and given the fact that he comes from a place where a high population of people are SDA's, he has created more enemies especially the leaders of the nearby conference who have summoned him for questioning, first pleading with him to stop the movement and come back to the main stream, when pleading failed, they have resorted to threats and warnings, but they are not shaken, their one purpose is to spread the truth, call people to true reformation and help the ailing by administering natural remedies and indeed people are seeing the difference between them and SDA and this is infuriating the Conference men. Pastor, the reason I took the trouble to talk about Maxwell is this; I had sent him materials, including some DVDS I still had, books and tracks, and honestly this act served to energized them, all along they have been lacking materials and when they received them they were very overjoyed, for some of this worker still need to acquire more spiritual knowledge to help them work effectively. And they, (apart from those who had returned back to school) started visiting various high schools, targeting this young people and their teachers with the present truth. They plan to visit also the universities and share this truths with their fellow young people, and indeed they are so glad that God finally answered their prayers for giving them materials to help spread the gospel, they have invited me in most of their outreach missions and they asked me to thank you on their behalf for the wonderful materials, they love your books, given that Maxwell and others had read your book "Secret terrorists" and they believe you are one of the few true Adventist's standing for and advancing the truth both by pen, voice, and life. A young lady, who had been a catholic since childhood, recently got converted and became a Sabbath keeper after reading the books I gave to her, she was convicted

and made the good decision out of heart. Still I'm conducting Bible studies with one Catholic family, after they read your books and requested to be taught to them, they are my neighbors and things are looking positive judging by their interest in this study, contrary to their former hard stance and apparent hatred of this books they termed as full of hate. It is their daughter, who had been bedridden for quite some time, who we maintained to visit, encouraging and praying with her, and who finally got healed after convincing her to follow the eight laws of health as nature's best way of healing, after her recovery, her confidence in our messages was gained, read our books and thereafter began to disclose this amazing truths to her staunch Catholic parents, and slowly but gradually they are now willing to hear more about Daniel and Revelation revealed to them. People's eyes are beginning to be opened, those who were ignorant are now sensing and acknowledging that things concerning the pandemic were indeed planned by the 'Powers that be', and the book covid-19 is liked and requested from different parts of Kenya from our diligent workers, and the SDA people, more of them please if they are available, we will aggressively advance with our messages and arouse the people of the crisis ahead when there's still time. God bless and protect you Pastor Bill and family.

From Edward "I have this report from Kennedy which has been on my list of updates to send you. Namibia is a vast country that is endowed with wildlife and a few minerals but among the minerals of that country, Uranium is the anchor of Namibia's economy. This country has a lot of white people mainly South African whites and German nationals who have citizenship of that country. The economy of Namibia is way ahead than that of Zambia. Now why am I telling you all this, it is because of the impact of the materials that hit in a town called Tsumeb. Tsumeb is populated by Namibian and German nationals and it came to pass that brother Kennedy was on a mission to this town to distribute DVDs with other materials he carried. He drove there and found a beautiful guest house which he loved to stay in. He paid rent for 5 working days. He was new in that town without a friend nor a relative but he believed that God had someone in that town who would appreciate the free materials available. Kennedy offloaded the materials out of his car and took them inside the room he was renting. He had carried 10 boxes of assorted materials that included DVDs, tracts, books and magazines. While he was lifting the boxes, the owner of that guest house was a white lady who is of German descent. She was observing Kennedy taking in the room several boxes which she wondered whether the new visitor had some deals in drugs. She waited until Kennedy ended taking in all the boxes. Then she asked one of her workers to keep an eye on that room where Kennedy was staying. The following morning, Kennedy was seen taking 2 boxes in the car and drove off to the community. The worker who was assigned to check on Kennedy noticed the boxes and informed the lady what he saw. She was suspicious of Kennedy and waited for his return to ask him what was in the boxes. But where Kennedy went, he was blessed by God to meet 25 individuals who were so happy to get the DVDs, tracts and books. Some individuals even promised Kennedy to come to their homes and have an in-depth study concerning the materials they got from him. It was lunch time and Kennedy had to return to the guest house and have his vegan meal. Upon arriving at the guest house, the lady came to Kennedy and politely inquired what was in the boxes, she demanded to know so that incase her clients were in certain deals, she was going to be in a position to help somehow. So, she was straight with Kennedy. Kennedy smiled at the lady and asked her to get close and see what was in the boxes. The lady was curious to see and check. To her great surprise, she saw

materials her eyes have never seen in her entire life. She confessed to Kennedy that it was like a dream. She spent some time to look at the books, the tracts, the DVDs which she picked and told Kennedy that she was going to watch them later and she picked a few books like GC, DA, MH with COL. Her mind was cleared up after knowing what was in the boxes. She went straight to her office and played the DVDs first. The DVDs she picked were about Health series with Revelation series. Kennedy heard her shout “Merciful God !!!” She was watching the 8 laws of health and when she was done, she turned to Revelation series. This lady did not go out for lunch. She stayed in her office watching the first, second and other DVDs until it was time to quit for the day. She drove off quickly to her home. She is married and her husband was so pleased to watch the DVDs and read strange books he has never seen in his life. He was so happy that the following day, both the lady with her husband came to Kennedy and asked him a few questions on the wonderful materials he had. The picked up some magazines and said thank you to Kennedy and appreciated so much what the American was saying in all the DVDs. This couple left Kennedy as he was going into the field to continue his work. This couple went to the office of the lady and began to talk about what they learned in Revelation. Now, this couple had no Bible and it was their first time to buy a NIV version to use. This couple spent 3 days and came back to Kennedy and told him that they wanted more DVDs for the American because he was so revealing. Kennedy was so pleased to give them Daniel series with Amazing grace series. This couple was so thankful. At the last day before Kennedy was about to leave, the lady called Kennedy to her office and told him that she was refunding his money that he had paid for rent. They have realized that he was a God sent messenger with something precious and so dear to her and her husband and that was the materials they got from him. They told Kennedy that in their entire life, they have never attended church nor read the Bible but they casually believe in God. After watching and re-watching the powerful DVDs of the American, they have decided to accept the teachings that they have discovered from the DVDs and they discovered the Sabbath rest from the Daniel and Revelation series. They told Kennedy that the God of the American will be their God. Kennedy was praising the Lord and he left back home to get more DVD series to share with this German lady with her good husband. Kennedy arrived home safely and called back to this lady who was happy that he had a safe journey back home. This lady has a good DVD copier and she made several copies to give her relatives living in Namibia and sent some DVDs to Germany to the relatives of her husband. Kennedy told me that he would need more DVDs to share and to use in another town. P.B. your voice has become a great blessing to God’s children in Africa and your voice is in the amazing DVDs series. We have different incidences where people have spoken out that God visited them after watching a DVD sermon or health series. May God add to you more days as you glorify our heavenly Father through your voice.”
