

Dear friend,

November Newsletter 2021

Someone in Michigan mentioned to me the need to let everyone know that we are on the you tube at Truth Triumphant Ministries you tube. We also have a website at Truth Triumphant ministries.org. We also have a new location for watching videos on Rumble at Truth Triumphant Ministries. We have had some videos that we put up on you tube concerning the vaccine/current events and they were removed. With the removal, we also were warned by you tube that our days there are numbered if we continue to put up content like that. This is the reason that we now have the new place at Rumble because they allow these programs on the vaccine/current events.

Revelation 18:23 declares, ““And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.” The Greek word for sorceries is the Greek word pharmakea. It is from this word that we get our English word pharmacy. The obvious meaning of this word is “the art of preparing and dispensing drugs or a place where drugs are sold; a drugstore.” The word pharmacy originates from the Greek word pharmakon or remedy.

Down near the end of time, John the Revelator saw that drugs, medicines/vaccines would play a big role in bringing about a revival of the old-world order when papal Rome ruled the world. This is a masterpiece of understatement when we see what is going on in the world today. In the name of vaccine, we are watching liberties, middle class jobs, and the basic rights in the Constitution disappearing right before our eyes! Vaccine is being used to bring about papal Rome’s exaltation and the death knoll of Protestant freedom!

The following information is being summarized form a nearly 600-page masterpiece called Emerging Viruses: AIDS and Ebola. It was written back in 1996 by Leonard Horowitz, D.M.D, M.A., M.P.H. The copious documentation that Horowitz cites makes this volume so useful! While the book is not cheap, I would encourage ALL of you to get your hands on this stunning book.....

When reading this book, the names that repeatedly popped up; like the Rockefellers, the Dulles brothers, the CIA, I. G. Farben, and many more; it became very apparent that WHO was like all the other power hitters in this world today for their strings are pulled by the Jesuits to bring about their final solutions for the world’s ills.

‘WHO Slew 22,000,000 Africans with AIDS Virus’. The previous sentence did not end in a question mark; it ended with a period. The previous sentence is not asking a question, but is rather making a statement. WHO is not a pronoun, but is rather a noun. WHO is not taking the place of a noun, but is a noun. WHO stands for the World Health Organization. This organization was started back in the 1940’s. When diplomats met to form the United Nations in 1945, one of the things they discussed was setting up a global health organization. WHO’s

Constitution came into force on 7 April 1948 – a date we now celebrate every year as World Health Day.

What about the CDC? We hear so much about the CDC and WHO today. From the official website they tell us “On July 1, 1946 the Communicable Disease Center (CDC) opened its doors and occupied one floor of a small building in Atlanta. Its primary mission was simple yet highly challenging: prevent malaria from spreading across the nation. Armed with a budget of only \$10 million and fewer than 400 employees, the agency’s early challenges included obtaining enough trucks, sprayers, and shovels necessary to wage war on mosquitoes.” Oh, that the CDC would still carry on such worthy projects while in fact, Horowitz documents copiously the collaboration of the WHO and the CDC. So, in essence, where the WHO goes, so goes the CDC!!

The WHO is like the Federal Reserve Bank. This bank gives you the idea that it is controlled by Americans and is part of the United States. There is NOTHING American about it. It is controlled by foreign interests; namely the Rothschilds who are controlled by the Jesuits. The WHO also gives you the idea that it is all about helping people be healthy and THAT couldn’t be further from the truth. WHO has established laboratories all over the world that study infectious diseases that can be deadly if let out into the population. There are over 525 labs under the WHO!!! Would it surprise you if Wuhan Laboratory in China was one of them?

WHO and her subsidiaries were involved in the study of the AIDS virus back in the 1960’s and 1970’s. They discovered the best way to attack the immune system and they would use it on some ‘undesirables’ as they saw it. So, in the 1980’s, homosexuals were infected with the AIDS virus and so were black folks in Africa. For the folks in Africa, the AIDS virus was mixed in with a vaccine for small pox. The result was the deaths of over 22,000,000 African peoples!! How wickedly sinister are these people at the WHO! They told the folks in Africa that the VACCINE was for their benefit. This VACCINE was going to help the folks be safe from small pox. Instead, the VACCINE had something else in it, and that something else KILLED them! WHO killed 22,000,000 African folks!! Could the WHO be a part of something so deadly again?

How would these ‘health’ organizations entice the masses to get a vaccine? How was it done in Africa? An illness is presented as being dreadfully serious and that in order to survive this deadly disease, one must take a vaccine. In other words, people who normally would think clearly began to panic under the barrage of continual messages of dire warning and would do things they wouldn’t normally do. Extraordinary social control would be introduced in order to ‘protect’ the people and long after the virus was controlled, these social controls would remain in place. And, wa la, you could poison people with the vaccine and those who live on would have severe restrictions on their liberties. This is how it was done in Africa in the 1980’s. Is this talking about history or a current event? If you want to understand the current circumstances,

study what went on in Africa in the 1980's. We friends, are repeating history. Any idea what serious social controls may be brought to bear on Americans without a clue??

From Edward "I would like to inform you that due to the Covid 19 campaigns by the new President Hakainde Hichilema, a lot of Zambians has been requesting me about the Covid Books and the Jesuit agenda series. The people have remembered what you have taught on Kavuu and on other radio stations in the past about the papacy with their agendas which is becoming real. Those who have read the Covid book have all the story to share with others and it is from the fresh campaigns of vaccines that has rekindled the great desire and interest in Zambians to demand for the "Book of the Time" with the DVDs. Some have tried to copy the book but the result of that is faded paragraphs but even with those faded words, people are happy to read and re-read the book while most students in the Universities and colleges have appreciated the DVDs and the T.T. website where they are accessing every latest sermon with other books online. I am glad to let you know that we have more than 500 students who read and watch sermons from our website. I am encouraging other students in other African countries to do so if they are able.....In the last few months, there was civil war in Eritrea and Ethiopia. These two countries were fighting for the land belonging to Eritrea and the Eritrea forces could not let go their land to Ethiopia. This fight between the two countries resulted in thousands of Eritreans to be displaced. The reason I am bringing this up is that while war is bad, in the case of Eritreans, this was something that I would say is unique in this sense. There were about 4 families in Eritrea who were living in the mountains. These families were among those that were enjoying the DVDs and appreciating every truth God was revealing to them but they could not share that truth with others as they were barred from mingling with other tribes. This troubled a lot these families as they wanted other tribes to learn about the Sabbath. But then during the ethnic war between the two countries, the 4 families were attacked by the Ethiopian forces. God protected these families without harming anyone as they were found studying the word of God during the raid by forces. Their lives were miraculously spared without being killed or shot at. When the soldiers had returned, these families fled to the neighboring country in Southern Sudan where today, they are happy sharing the word of God to others. They sent a word to Charles for more materials especially the Bibles and the DVDs. Sometimes, through chaos, God's Hand and will is revealed and sustained. May your works to Africa P.B be blessed forever. Such people will have the books when the 5th pallet arrives..... The prison work has been a blessing to more than 200 inmates who are in various prisons. You sent me seminar lessons which I run and give the prisoners to study with DVD series. It was recently when I began to include some lessons which Michelle sent me. Most of these prisoners have found Jesus as their personal savior and have learned about the Sabbath, health, with other wonderful lessons from those files I received. I am talking about Kamfinsa and Chondwe prisons. Yesterday, one of my members was at Kamfinsa speaking to inmates. He took with him more materials to give. I want to report to you that so far 4 prisoners were released because of good reformatory behavior which they exhibited. The authorities later learned that the change in these prisoners was as a result of the religious materials they were reading including the DVDs. A door has since been opened to evangelize to

as many old and new prisoners so as to try to reform these men to normalcy and in the event decongest the prisons in Zambia. We have been given a "go ahead" with what we are doing.....Kennedy Muzebi is breaking the grounds of Namibia with yet another step of evangelism. He recently met a small group of SDA believers who showed much interest in studying the materials and the DVDs he has been distributing. He was so impressed to organize a short seminar with them for 3 days and in those 3 days, those SDAs were astonished with so much truth they did not learn nor have ever heard from their local leaders. They decided to form a branch under Kennedy's leadership. But that did not settle well with the church leadership. Kennedy was called to stop every teaching he was trying to help that small group or he would face the wrath of the youths. Kennedy for sometime withdrew his presence but this interesting group wrote an open letter to their church and copied the same letter to their conference and to the state police station declaring that they are no longer members of the SDA hence forth, they should not be considered as part of the SDAs and that they should desist from harassing Kennedy from interacting with them in anyway. The leaders of the conference and the leaders at the church level, were so surprised to read the letter. They disfellowshipped that group and Kennedy continued to teach them in the word until last week when 4 were baptized. I was actually invited to travel to Namibia but I could not until December. I am busy preparing things and start moving the Ministry to the new Home. There my schedule shall return to normal.

From Uganda “We behold the unfolding of the events of the last days. ‘The present is a time of overwhelming interest to all living. Rulers and states men who occupy positions of trust and authority, thinking men and women of all classes have their attention fixed upon the events taking place about us. They are watching the relations that exist among the nations. They observe the intensity that is taking possession of every earthly element, and they recognize that something great and decisive is about to take place— that the world is on the verge of a stupendous crisis’ (Pk 537). As the effects of the lockdown are still lingering and affecting people's lives all over the country, the literature work continues to be a blessing and only means by which to reach the masses. We are delightful to have a part in the Lord's work by this means. Thank you for furnishing us with every kind of materials as enabling's for this work. Several towns have been mass distributed. Elder Wandeega and brother Jamie visited a town called Namayingo with six boxes full of books, bundles of tracts and bibles. It was a day of joyful interest to the people in the town as that many left their business to receive a book or a tract with shouts of excitement saying; "Amen, praise God, thank you, God bless you, give us more, others inquired what they can do to strengthen their faith." The work of distributing literature in the capital city (Kampala) continues. We have recently sent another bag containing six boxes of literature. Brother Seth works as an inspector and conductor in one of the bus transportation company and he is interested in handing out these publications to new passengers daily. We have received a new postal address directory book from the post master and we hope to renew the mass mailing work to targeted government officials. This will require much funds to cover the postage charges. We are thankful for the master copies you sent to us for duplication and not forgetting the support funds. May God bless you the more!”

From Zambia ““Good morning pastor, greetings to the people there, hope the lord is keeping you in good health.
