Dear friend, November 2026

"A migrant caravan is marching toward the US border ahead of the midterm elections. More than 400 aliens from the Honduras entered Mexico on Thursday en route to the United States, Reuters has confirmed. At least two NGOs are funding this caravan. ***According to independent reporter Anthony Aguero, "Proyecto Faro and ADRA" are the two main NGOs assisting the migrant caravan:*** Proyecto Faro, the immigrant support nonprofit out of Rockland County, New York, is funded by a mix of foundations, nonprofits, and government grants. Mainly funded by a Jewish Foundation, The Harry Donenfeld Foundation, named for the Jewish immigrant who co-founded DC Comics. Another major donor is The Gitlin Family Foundation which is also Jewish-led. The Freedom Together Foundation, another major donor was founded in 2012 by Barbara Picower as the JPB Foundation, renamed Freedom Together in 2024. The money came from her late husband Jeffry Powers' estate, he was Jewish, and their earlier Picower Foundation gave to other Jewish causes. ***ADRA stand for the Adventist Development and Relief Agency, it's the humanitarian arm of the Seventh-day Adventist Church, a "Christian" denomination. Its biggest funder is the U.S. government, mainly USAID, which has given it roughly three hundred eighty-five million dollars across over a hundred awards.*** in August 2026 ADRA was named a partner in the State Department's new Faith and Community Initiative. Their last report clarifies they were given at least 36 million US dollars by the end of 2025… more to come." Cristina Laila Sep. 27, 2026; From the Gateway Pundit

From Fulcrum 7, we read the same sentiments, "A migrant caravan is marching toward the US border ahead of the midterm elections. More than 400 aliens from the Honduras entered Mexico on Thursday en route to the United States, Reuters has confirmed. By now, the group has swelled to under 1,000 according to latest reports. At least two NGOs are funding this caravan. ADRA and Proyecto Faro, according to independent reporter Anthony Aguero. Both NGO's are ideologically aligned with the political, or progressive, left. Proyecto Faro, the immigrant support nonprofit out of Rockland County, New York, is funded by a mix of foundations, nonprofits, and government grants. Mainly funded by a Jewish Foundation, The Harry Donenfeld Foundation, named for the Jewish immigrant who co-founded DC Comics. ADRA stands for the Adventist Development and Relief Agency, it's the humanitarian arm of the Seventh-day Adventist Church, a progressive denomination. Its biggest funder is the U.S. government, mainly USAID, which has given it roughly three hundred eighty-five million dollars. Their last report clarifies they were given at least 36 million US dollars by the end of 2025… more to come. In January of last year, ADRA (which has championed climate change initiatives, mass immigration, and United Nations inclusions) was named on national television for helping to facilitate mass illegal immigration into the united states. ADRA receives a large portion of its budget from the United States government and the United Nations, and thus is forbidden to proselytize. It has become just another NGO among hundreds, with post-Christian values and a program of uprooting patriarchy and traditional

societies, promoting feminism, and of empowering all-pervasive totalitarian government. Ted Wilson took office in 2010 with the hope of reforming ADRA (and La Sierra), but failed at both. ADRA has its own value system and is, like our hospitals and medical school, only very loosely affiliated with the SDA Church and its message and value system."

So, ADRA is helping people come into the United States illegally, breaking the law of the land. Why would an organization affiliated with a church that professes to follow the 10 commandments be involved in such a dastardly deed as this? The two articles summed it up pretty clearly. ADRA is receiving in the hundreds of millions of dollars from USAID, the Untied Nations, and private donors! And, he who pays the piper, calls the tune!! But surely, ethically minded SDA's that serve on the board of ADRA would not agree to allow to such things as bringing people into America illegally!!??!!?? Friend, the people that serve on the board of ADRA receive over $100,000.00 to attend a few board meetings per year! So, every time the board members come into the meeting, they are given a check for roughly $35,000.00 for one hour's worth of discussion. The money is just too great! Thus, the complicit board members do exactly as their donors tell them to do, even if it is breaking the law of God and the law of the land! The people on the ADRA board are modern day Balaam's, willing to sell their souls for this filthy mammon! "But these, as natural brute beasts, made to be taken and destroyed, speak evil of the things that they understand not; and shall utterly perish in their own corruption; And shall receive the reward of unrighteousness, as they that count it pleasure to riot in the day time. Spots they are and blemishes, sporting themselves with their own deceiving's while they feast with you; Having eyes full of adultery, and that cannot cease from sin; beguiling unstable souls: an heart they have exercised with covetous practices; cursed children: Which have forsaken the right way, and are gone astray, following the way of Balaam the son of Bosor, who loved the wages of unrighteousness; But was rebuked for his iniquity: the dumb ass speaking with man's voice forbad the madness of the prophet. These are wells without water, clouds that are carried with a tempest; to whom the mist of darkness is reserved for ever." 2 Peter 2:12-17

These board members are like Balaam, utterly mad with lust over the greed of gain! They would do ANYTHING in order to secure this filthy lucre. Some of the most recent members of this board and current members include Ted Wilson, Paul Douglass, and Erton Kohler. When it came down to protecting SDA members who were ill affected by Covid 19, Wilson, Douglass, and Kohler threw the Adventist people to the wolves in order to maintain this income! As the Bible says, this is madness! Do you think friend, their will not be a day of reckoning? Do you think the God of heaven will not demand retribution? "Disappointed in his hopes of wealth and promotion, in disfavor with the king, and conscious that he had incurred the displeasure of God, Balaam returned from his self-chosen mission. After he had reached his home the controlling power of the Spirit of God left him, and his covetousness, which had been merely held in check, prevailed. He was ready to resort to any means to gain the reward promised by Balak. Balaam knew that the prosperity of Israel depended upon their obedience to God, and that there was no way to cause their overthrow but by seducing them into sin. He now decided to secure Balak's favor by advising the Moabites of the course to be pursued to bring a curse upon Israel. He immediately returned to the land of Moab and laid his plans before the king. The Moabites themselves were convinced that so long as Israel remained true to God, He would be their shield. The plan proposed by Balaam was to separate them from God by enticing them into idolatry. If they could be led to engage in the licentious worship of Baal and Ashtaroth, their omnipotent Protector would become their enemy, and they would soon fall a prey to the fierce, warlike nations around them. This plan was

readily accepted by the king, and Balaam himself remained to assist in carrying it into effect. Balaam witnessed the success of his diabolical scheme. ***He saw the curse of God visited upon His people, and thousands falling under His judgments; but the divine justice that punished sin in Israel did not permit the tempters to escape. In the war of Israel against the Midianites, Balaam was slain. He had felt a presentiment that his own end was near when he exclaimed, "Let me die the death of the righteous, and let my last end be like his!" But he had not chosen to live the life of the righteous, and his destiny was fixed with the enemies of God."*** PP, pg. 451

From North Carolina "Good morning PB! I just watched the "Wheat and Tares When Silence Becomes Compromise" video you just held at Countryside in Spokane! Praise God, Praise God!!!!! I'm so happy!! Thanks to the Lord that He gives you words to speak and Praise God that you refuse to keep silent on these issues!! What a blessing and truth for this time! I'm happy to say that we are on the same page on this and more importantly that we can be assured that we are on the same page with God's word and the Spirit of Prophecy! And amen, yes, it's plain English! I'm sharing this message with those that I know that are Henriques-ites, and on Facebook and wherever else that I can plant these seeds of truth. Amen! Praise God!"

From Edward "A little boy from a big government school met me while I was taking boxes for shipping last week. The boy knows me and stopped me with a Question. He first began by saying he knew me to be a sincere Adventist who will give him an answer and he asked me that " why do many believers keep Sunday instead of Sabbath and who among the two classes are correct?". I was filled with great joy to see a young boy was asking a very good question. I began to explain to how God in the beginnings hollowed and sanctified the Sabbath. How the Sabbath is a sign and seal of God, how holy the Sabbath is and how this day is the fourth commandment of God. The boy was so happy to hear that. He said he wanted to share that answer to his parents who are Catholics. I was touched. I got the tracts - Who Changed It with GC and gave him. Little did I know that the boy was going to have a serious study with his family and with his priest the next Sunday. His parents were pleased to hear their son revealing deep truths for the first time and they believed him. This family began to study from the tracts and the GC. The boy was the one in leading the reading of GC. The family after 5 days decided to keep the Sabbath but the boy wanted to meet their priest with a question. Sunday came. This family stayed back from attending mass for the family has decided to be keeping the Sabbath and allowing God to lead them. The boy told his parents that he was coming shortly after seeing the priest and say bye to him. The parents thought the boy was joking. The boy left for the priest. The priest was in a confession room doing his routine. The boy sat in the line for those who were seeing the Priest and his turn came. The boy went inside and sat looking at a little part of the priests face from the other room. The priest asked the boy what sins he committed and what did he do during the week days. The boy replied the priest that he did not sin nor do anything but it's you our priest who has sinned and is sinning right here. The priest thought the boy was joking. But the boy continued to tell the priest that he was carrying the sins of the Papacy for changing the Sabbath to Sunday. And that he has no authority to ask people what he asks for he was not God. The boy continued to tell the priest that he should leave what he is doing or die with the papacy. The priest was upset to hear a little boy attacking him. He threatened the boy by cursing him but the boy replied the priest calmly by telling him that he was not God to curse him. He then pulled a tract - Who Changed It and placed it on his table and asked him to read and repent. The boy told the priest that him with his parents have found the truth and have left his parish to worship the true God on Sabbath. As the boy rose up to walk out, he told the priest to read the tracts and save his

life. The boy walked out. The priest looked at the tracts and took it. He was angry with the boy. He ended the confession program and prepared for mass. The mass was short. In his time, that priest re-read the tracts and wanted to know more. Am told he found the website where he is learning a lot from it. He thanked the boy after a month for he knew the boy with his parents. He has decided to leave the priesthood and go far where he cannot be reached, get married and start a new walk with God. He revealed this to the parents of the boy who confirmed to me that the priest has disappeared and is nowhere to be seen. That family of the boy also has since moved to a new location to avoid confrontations with their former parish church for asking them about the disappearance of the priest. PB. This is what that tract is doing with the literature you send. Those held under the power of Satan are finding relief with true freedom to worship God from what you have written. The website and YouTube with DVDs are a great blessing God is giving to Africa and to the world through your hands. Note. There are thousands from Africa who are keeping the Sabbath at their homes. These are the people who have been led by God to the truths you have revealed on these platforms of eternal truth. These new Sabbath Keepers don't attend the mainstream. God is keeping them and nourishing them by true bread from your table in readiness for the loud cry."

From Kenya and Uganda---I am happy to report that we have two really exciting ventures going on right now. The Lord has opened doors for us to have a 'blueprint school' in Kenya and a sanitarium in Uganda. The school runs like Ellen White described; a school where agriculture, practical labor, and book learning are all taught. There are a number of acres for growing food that provides for the school's needs as well as much more to sell or give away in the community. They have ALSO OPENED A CLOTHING STORE IN TOWN. This is the direct outgrowth from the sewing class provided at the school. Gradually, the store is gaining clientele. Another project for generating funding is along the lines of the carpentry class at the school. From this class, another store is opening up in the nearby town which will provide building opportunities for the students with the likely capability of generating income for the school. The goal is to become completely self-sufficient!

The sanitarium in Uganda has been really amazing! It opened about 1 month ago and it already has had many people coming for healing. As a result of this outreach, nearly 30 people have been added to the church group. When a sick person comes and gains healing through God's methods, the inquiry is typical, "Well, you people know so much about health, what else do you know?" This opens up opportunity for witnessing and people are very ready to embrace the beautiful truth of the Bible and especially Revelation 14!! Praise the Lord!!
