

Dear Friend,

February 2025 Newsletter

As 2025 unfolds, we see the strengthening and solidifying of the ecumenical movement throughout the world! Amazingly, the direction of this movement and the way the one world church would be developed were all laid out by 2 Jesuit priests, Karl Rahner and Heinrich Fries all the way back in 1983. At that time, they wrote a book entitled “Unity of the Churches—An Actual Possibility.” In gripping detail, they outline exactly the way the Jesuits would take over every church and prepare it for the one world church. Everything they have outlined in their book has unfolded right before our eyes in 7th Day Adventism. For the Mark Finley’s and others who lie to Adventists that there is apostasy in some remote places in Adventism and that, sure, there is apostasy in the church; Rahner and Fries book rip the mask away because Adventism has all the tell-tale marks of Jesuit influence ALL OVER the denomination. As we watch the Jesuit Agenda for Adventism in full bore for decades throughout the denomination, we see clearly that the denomination is in bold face apostasy all over the world!!! Now, let us look at Rahner and Fries tell us what the Jesuits have done in Adventism for decades!!!

Here is their first point or theses. ““With respect to ecclesiastical leadership the average congregation in the Protestant churches usually **practices the kind of obedience to their church leaders that is customary in the Roman Catholic Church**.... On the basis of their theological expertise and their religious conscience, the representatives of this ecclesiastical leadership can decide in favor of church unity, and can also work with sufficient zeal among the church members to gain their understanding for this decision.” Pg. 54 of their book. Get the people to trust the pastor, the administrator, the General Conference President. Make sure that no one is allowed to speak ill of the leadership and make sure all leaders are held in high standing among the people. The leader has today become the final authority in the church. Whatever the pastor says is the law and you better not disagree with him or else.

Several years when giving messages on the Central Philippine prayer line in Los Angeles, I declared that Ted Wilson was wrong when declaring that the mark of the beast was any day of the week other than the 7th day Sabbath! Over a short time, some indicated they were not pleased with my comments. Finally, the coordinator of the program told me I couldn’t be on if I was going to speak against Ted Wilson. I retorted, “What about the apostate teaching he is advocating?” I was told, “Ted Wilson is our leader and we follow him.” Unbelievable!! Shocking!! Idolatry!! Putting a man’s opinions above a thus saith the Lord is disgusting and utterly papal!

This is happening all over the world in Adventism!! In the last conference church I was in back in the early 90’s, a new pastor came to the church, having recently graduated from Andrews. In one of his first sermons, he told the congregation that he was the coach of the church, we then were the players, he would give the directives, and we were to follow whatever he did and said! This was very alarming to me with my athletic background. Coaches are in absolute control of the team and the players do as they ARE TOLD!!! If the baseball coach tells you to bunt, you bunt; to steal a base, you steal the base; end of story, no discussion!! This is a very far cry from the description of Jesus in John 10 where He tells us He is the Good Shepherd! The representation of a pastor being a coach fits to a tee the papal role of pastors in Protestant churches being the absolute authority. This permeates Adventism all over the world!!! “Church members, who have seen the light and been convicted, but who have trusted the salvation of their souls to the minister, will learn in the day of God that NO other soul can pay the ransom for their transgression. A terrible cry will be raised, ‘I am lost, eternally lost.’ Men will feel as

though they could rend in pieces the ministers who have preached falsehoods and condemned the truth." Letter 30, 1900, 4 BC, pg. 1157

Next in line with Rahner and Fries plan is to eliminate the major points of doctrine that are distinct from the other churches and focus on what all the churches hold in common. The one great central theme of the 2 Jesuits is belief in Jesus. This is not the Biblical faith that leads to righteousness, but the faith of the demons of James 2! "Yea, a man may say, thou hast faith, and I have works: shew me thy faith without thy works, and I will shew thee my faith by my works. Thou believest that there is one God; thou doest well: the devils also believe, and tremble. But wilt thou know, O vain man, that faith without works is dead?" James 2:18-20 What these wily enemies of God are proposing is that which was used in the days of Constantine. "The great adversary now endeavored to gain by artifice what he had failed to secure by force. Persecution ceased, and in its stead were substituted the dangerous allurements of temporal prosperity and worldly honor. Idolaters were led to receive a part of the Christian faith, while they rejected other essential truths. They professed to accept Jesus as the Son of God and to believe in His death and resurrection, but they had no conviction of sin and felt no need of repentance or of a change of heart. **With some concessions on their part they proposed that Christians should make concessions, that all might unite on the platform of belief in Christ.**" GC, pg. 42

Another aspect of the Jesuit agenda is placing the focus on the community of faith. Listen to Rahner and Fries, "The one church to be is a possibility only if it is **a community** of faith. The individual receives his faith by way of **the community** of faith... **the community** assumes primacy over the individual in the realm of Christian faith because the recipient and carrier of the original message was from the very beginning **a people of believers** and not an isolated individual." pg. 13 This community is right in line with Francis' Fratelli Tutti. In the Jesuit mind for world takeover, there is no room for personal conviction; there is no room for God speaking to each one of us through His word and the Holy Spirit. It is all about getting your beliefs in the realm of a group where the ultimate source of truth is in the leader and ultimately the pope!! This is a disgusting end round to usurp the leading of God in our lives and replace it with the authority of the pope!! Out goes the Bible, out goes, the Reformation, out goes the Advent Movement; all movements of the Holy Spirit in individual lives!! "Behold, I come quickly: hold that fast which thou hast, that no man take thy crown." Revelation 3:11

From Edward "Am humbled P.B to work with you, and learn from you the steps to Christ in dealing with eternal matters for the salvation of humanity. I have seen the impact and the Influence of your forthright messages so much that, by the grace of God, and in His power several uncountable souls have been delivered from various shackles of Satan. Am humbled to let you know that, I with my contacts, with your support have sent out thousands of these precious messages from you. For strange good reasons, the spirit of God has carefully been directing these most touching and uncommon messages to truth seekers of this generation at a time when voices of those God called out to be His representatives have totally darkened and compromised. It is in such an hour that God raised and established T.T. Ministry with a special command to warn, to counsel, to rebuke and to appeal to perishing souls to look up to Calvary. Am humbled this evening to share with you an update of a couple I found in Chipata which has left the mainstream to stand with Gods children on the firm platform of truth with you P.B and several others that have ears to hear and eyes to see. A man called Mike Mulize with his wife and 4 children have been zealous mainstream believers for several years. It came to pass that Mike Mulize who has served as an elder for several years in Chipata happened to travel to Lusaka. He works as a secretary in the government of Zambia under the Ministry of Home Affairs. It was early

this year in June that he was travelling on duty to Lusaka. God directed that he spends a night in the home of his cousin. His cousin with his family worshipped in their home every Sabbath for they had been kicked out from their local SDA church when they began to introduce special studies from the DVDs in the afternoon. His cousin is among those I sent DVDs to. Their local pastor who is deceased now, was so arrogant. He got involved in a road accident when he was going to discipline or let me say to disfellowship other innocent members from other churches within his jurisdiction. So, this good cousin of Mike had a program in his home where he shows DVDs messages to 5 youths who are truth seekers. Every Wednesday the good youths come to his home and it was just in time that Mike arrived on Wednesday. His cousin welcomed him with joy and gave him food after taking a shower and about 6:30 pm, Mike saw 5 male youths coming in and sat in the seats. Then Mike's cousin revealed to Mike that he has a weekly program in his home where he shows special messages to these youths and other church members that love the truth. Mike who was interested told his cousin that he was too willing to listen to the messages. After a prayer, this good cousin of Mike played revealing messages you have taught about Apostasy in the SDA with other related messages. Mike was shocked to hear the truth as you continued to unfold it before his eyes. Each time you spoke, Mike would shake his head and say Amen. At the end of the first sermon, Mike was already in the net!! He told his cousin that God led him to come to his home so that he can listen to these refreshing messages. However, more sermons were played and before that session came to a close, Mike admitted that he was touched so deeply that he felt like sitting all day listening to this man of God - P.B. talking but since he was going to leave the other day, he begged his cousin to give him the DVDs of the American, for he like Nicodemus made a decision to leave the Chipata mainstream and start to worship in his home with his family and allow this good man here (pointing to you P.B on the screen) to be his teacher. His cousin had limited DVDs he was using to teach the youths but he gave him a few copies to take and gave him my number so that when he was back home, he would contact me for more DVDs. That night was a great night for Mike whose spirit was born again. He said to himself that he had been an elder for several years and yet he has never heard such touching messages from many pastors he has listened to. That night was so special to him for he thanked God and praised his name. In the morning, he departed with joy to Chipata. Upon reaching home, he assembled his family and told them that he had met God's messenger whom he has brought with him. He asked his family that what the messenger revealed to him is what he will follow from hence forth with his family. While his family was wondering to see the messenger, Mike played the first DVD about the Apostasy in the SDA church. His wife and children were so shocked. They believed at once with Mike. That was another great new night, Mike's family experienced with much humility. Mike with his family enjoyed and appreciated the timely messages. After 2 weeks, Mike extended an Olive branch to other truth-seeking elders and members whom he trusted to come and listen what his ears have heard. In the Power of God, more family members joined and they found a place where they built that structure I shared with you in Chipata pics. This group spread the messages to the 4 churches that received the messages and separated from the mainstream to be own their own for as long as they had the DVD messages to watch, that was fine with them. A few months later, Mike with his team copied few DVDs and sent them to Malawi to families they knew and God worked wonders P.B. Your messages continued to break the chains of darkness and fallow grounds by means of hewing off every falsehood Satan has planted in the mainstream all these years. That is how Mike with other leaders thought of organizing a meeting where some representatives from Malawi would be invited come and meet me and take hundreds of DVD series back to Malawi and leave some with Chipata brethren. I was made aware of this program and that is how I began burning 3,500 DVD series ahead of time before leaving for

Chipata. Am glad to report to you with much humbleness that I was able to give boxes of DVDs with books to the leaders I met in Chipata. Am glad that with your support, we have sent 2,000 DVDs to Malawi and 1,500 to Chipata brethren. I am back burning for that cousin of Mike in Lusaka to replace the DVDs Mike took. This gives me joy with much happiness to see the 3 angels messages God has wheeled in your voice through the DVDs I burn. I have peace when I send out these messages with books, Bibles and SOP hardbacks whenever they are available.”

From Kenya “Greetings PB and I hope TT team is doing well. We are happy and focused for the work. The work ahead is full of opportunities, and no one can truly measure the impact of what is being accomplished. I have been inspired to dedicate more than a week teaching Sunday-inclined faithful’s, and I can confidently say that by the end of each seminar, more has been achieved than what open-air meetings could accomplish. Confessions are made as people acknowledge how darkness has engulfed their churches. Topics such as speaking in tongues, the state of the dead, Bible baptism, the true Sabbath, the Ten Commandments, the second coming of Jesus, and many others have not only opened their minds but also transformed them into advocates for these teachings. This effort has changed the dynamics of evangelism. As people realize the deceptions of the little horn, they come to embrace the truth. When others claim to have won thousands to Christ, the question arises: do these individuals understand the true doctrines of the Bible? Often, hundreds are hurriedly baptized without follow-up or access to literature that nurtures spiritual growth. I rejoice to see these people commit to full-week learning sessions, from morning to evening, asking questions and seeking clarification. In these quiet and remote areas—full of mosquitoes and biting insects, far from civilization—a spiritual factory is at work, one I believe will reshape Christianity in the future. The truth is being shared by simple yet dedicated teachers who leave their comforts behind to lead souls to truths they have never encountered. This silent yet powerful work stands as an argument even skeptics find hard to dismiss. Armed with a love for truth and bound by the chains of servitude, we are persuaded that this is the final warning gospel. The seminar culminated in the distribution of Spirit of Prophecy books, especially the last Kiswahili copies. Each attendee was overjoyed by the experience and the gifts. They even contributed towards the seminar, and all glory and honor went to God.”
