

## MY APPRECIATION

P.B.

I am delighted to share with you my comments this evening. Am at home. We have just ended our Sabbath evening worship and I wanted to appreciate and thank you for the funds that I received this morning.

I was in a café in town when I sent you that short e-mail notifying you about the \$400.00. I was so happy and praised the Lord for allowing me to have that extra money to buy more dvds and the repair works that were done on the Risograph printer. I am saying God bless you so much.

Our work in Zambia has stepped. Every month we are sending out more than 1,500 dvds with healing messages across Africa and by the end of 2 months, the number of dvds that we are sending out gets to over 3,000 dvds. This number includes the dvds we distribute locally.

I am humbled to see that a lot of SDAs and non-SDAs appreciate the dvds. Some are within reach while many are in other countries that neighbor with Zambia such as – Malawi, Tanzania, Angola, Mozambique, Zimbabwe, Botswana, Namibia, Congo D.R. South Africa and we are reaching as far as Kenya, Ethiopia, Uganda, Eritrea, Somali, Sudan and Madagascar. We have contacts like Charles who helps to send materials to Countries in the East Africa, Kalutozhi in Angola, Kennedy in Namibia, Norman in Zimbabwe and Bezel in South Africa.

With tracts, in a month we are printing more than 10,000 P.B. These tracts include the ones that you send, the tracts you send help a lot in the number. I get one tract each of those titles and duplicate them in thousands. We send them to these countries using couriers which are cheap. Now to have these materials reach the intended places, we have to use people who will handle the materials without destroying them. The kind of materials we distribute if they would go through the post offices of these countries, a lot would never reach these places. I know that there are people who would like to know how we transport these materials, I used reliable couriers which deliver materials direct to our contacts and then our contacts use trusted people to take the materials to the intended places and people get the materials.

Rough countries that are hostile like Sudan, Somali, South Africa, Kenya, Congo D.R, Mozambique, the inhabitants of these nations are not as friendly as those in Botswana, Namibia, Malawi, Zimbabwe and Tanzania. God has been directing His work P.B for several years. The seed which you have planted in Africa is growing for the harvest by God. Not all who receive this seed in the dvds will germinate except those who have ears to hear what the Spirit is saying in the dvds.

I gather updates from contacts and share with you what is obtaining on the ground. Even if the Catholics may succeed in shutting down radio stations and TV stations like what Lungu is trying to do, the Lord will have a way to take His messages to all the

world. I have observed that some people on the internet seems to be aware of reports that I send you. I have started to experience certain viruses that seem to be blocking my e-mails. If this will continue, I shall change the e-mail address. No wonder you had problems with Western Union. I am hoping that the new door God has opened through "Ria" will heed this work.

A lot of folks love to listen to the dvds, they say the American is a good preacher, others say the American is so educative and pastors say the American is a prophet and SDAs say that P.B is a messenger to the Remnant. I like the last comments of the SDAs how they describe you. It is true, you are God's messenger to the Remnant with a special call to prepare for His coming.

Working with you has brought a great blessing to me, my family and to all the brethren across Africa. God bless you ever and fill your hands continually.

I just wanted to share with you a brief account of what is going on here. There is one thing I want you to know. It is about the clips and testimonies. I have not forgotten about that. It is on my list of things to do and sometime in the near future, I shall send you some testimonies.

Have a lovely Sabbath.

Edward Katiba.
